Dear Hiring Manager,

I am writing to express my interest in an internship position. Currently pursuing a PG Diploma in IT at LaSalle College, Montreal, and holding a B.COM in Computers from Osmania University, Hyderabad, I am eager to apply and expand my programming skills in a dynamic and collaborative work environment.

During my academic journey, I have developed a strong foundation in various programming languages and technologies. I have hands-on experience with Java, Python, JavaScript, HTML, CSS, and C#, and I am proficient in using Microsoft SQL, Oracle, and the .Net Framework. Additionally, I am comfortable working with Linux operating systems. My academic projects, such as the Personality Test web development and the Online Jewelry Shopping website, have honed my skills in web development using HTML, CSS, JavaScript, PHP, and Microsoft SQL Server.

My professional experiences include working as a Supervisor at SeedWorks International Private Limited, where I managed warehouse operations and supply chains, and as an Overnight Assistant Manager at Walmart Canada, where I led inventory management and team operations. These roles have equipped me with valuable skills in team leadership, problem-solving, and effective communication.

I am particularly drawn to the opportunity of an internship because it will allow me to gain practical experience and professional growth in a real-world setting. I am confident that an internship will provide me with the practical experience and professional growth I seek. I am enthusiastic about the opportunity to contribute to a team and to learn from experienced professionals.

Thank you for considering my application. I look forward to the possibility of discussing how my background, skills, and enthusiasm can contribute to your team. Please find my resume attached for your review. I am available for an interview at your earliest convenience and can be reached at 514-704-5705 or via email at abhikalisetti@gmail.com.

Sincerely,

Abhilash Kalisetti
